

Deal-Making Due Diligence

Improve upfront screening, evaluation, and negotiation of M&A, joint venture, and other partnership deals to shorten the due diligence process. Get deep financial/legal/compliance data on candidates, as well as their customers and suppliers, and use forward-looking predictive analysis to shape deals that meet your financial goals.

Example Workflow

- 1** Select a company or multiple records from your database and connect to D&B Direct
- 2** Pull financials, predictive analytics, risk ratings, ownership, and linkage data into your records
- 3** Integrate insight directly into your database or application to better identify and negotiate the best deals
- 4** Use monitoring features to get real-time updates to your records and ensure the most up-to-date info

Recommended D&B Direct Products for Deal-Making Due Diligence

D&B Ratings & Trends

D&B Ratings & Trends provides the composite capital and Credit Rating assigned by D&B, along with the former rating, plus indicators of guarantees from parent companies.

Corporate Linkage ● ▲

Linkage provides a family tree overview of branches, divisions, and subsidiaries without the expensive and time-consuming research. D&B offers the largest and most accurate database of corporate family trees.

Financial Statements ▲

Get the latest comprehensive financial information to evaluate a company's fiscal strength. Access data on sales, revenue, assets, and liabilities, plus predictive analytics on future performance and more.

Suits, Liens, Judgments & Bankruptcies: Details ● ▲

Access a comprehensive source of critical, detailed information on US suits, liens, judgments, Uniform Commercial Code (UCC) filings, bankruptcies, and business registrations.

Search & Build-a-List: Company

Find the right companies to quickly fill your prospect pipeline. Search for a list of companies that best match your criteria, including target industry, size, and geography.

Detailed Company Profile ■ ▲

Enrich your records with detailed data on more than 225 million companies. The D&B database allows you to deliver precise insight to support new and existing account decisions.
