

# Integrated Financial Decision Making

Connect and synchronize the flow of information across your financial systems to improve decision-making quality and speed. Eliminate manual intervention to ensure fast, consistent approval of orders and contracts. Utilize financial analytics to automate decision-making tasks and better manage risk, receivable, and collection priorities.

## Example Workflow

- 1** Cleanse and match your company list against D&B's 225M company records
- 2** Get additional financial and credit information to refine a qualified list
- 3** Maintain accurate records by receiving automated updates with monitoring from D&B Direct

## Recommended D&B Direct Products for Integrated Financial Decision Making

### Suits, Liens, Judgments & Bankruptcies: Details ● ▲

Access a comprehensive source of critical, detailed information on US suits, liens, judgments, Uniform Commercial Code (UCC) filings, bankruptcies, and business registrations.

### Financial Statements ▲

Get the latest comprehensive financial information to evaluate a company's fiscal strength. Access data on sales, revenue, assets, and liabilities, plus predictive analytics on future performance and more.

### Corporate Linkage ● ▲

Linkage provides a family tree overview of branches, divisions, and subsidiaries without the expensive and time-consuming research. D&B offers the largest and most accurate database of corporate family trees.

### Detailed Company Profile ■ ▲

Enrich your records with detailed data on more than 225 million companies. The D&B database allows you to deliver precise insight to support new and existing account decisions.

### Predictive Bankruptcy & Payment Risk ● ▲

Gain predictive payment insight to determine a supplier's future business standing. Indicators received include Commercial Credit Score (CSS), Financial Stress Score (FSS), Supplier Evaluation Risk (SER) and Debarment indicator.

### D&B Viability Score ▲

The D&B Viability Score is a new evaluation tool that offers a comprehensive assessment of whether or not to do business with a company. It combines the most comprehensive measures of risk to deliver a highly reliable rating.
